

Markus Hohenfellner, M.D.

CURRICULUM VITAE

Birth date	September 29, 1958, Vienna, Austria
Nationality	Austrian
Medical Studies	1977 - 1983 Leopold - Franzens University, Innsbruck, Austria University of London, UK University of Oxford, UK
Residency & Fellowship	University of Munich, Germany University of Witten/Herdecke, Medical School University of California, San Francisco
Board Certification	February 25, 1993
Professoral Thesis	April 29, 1994
Associate Professor of Urology & Member of the Faculty	Department of Urology & Pediatric Urology University of Witten/Herdecke, Medical School Wuppertal, Germany
Associate Professor of Urology & Member of the Faculty	Department of Urology Johannes Gutenberg University, Medical School Mainz, Germany
Professor of Urology	June 14, 2002 - September Department of Urology Johannes Gutenberg University, Medical School Mainz, Germany
Chairman and Professor of Urology	October 1, 2003. Department of Urology, University of Heidelberg, Medical School Heidelberg, Germany

CLINICAL AND SCIENTIFIC FIELDS OF COMPETENCE:

- Minimal Invasive Surgery

including endoscopic, laparoscopic and robotic surgery of the adrenal, kidney, ureter, bladder and prostate for benign and malignant disease.

- Retroperitoneal Surgery

including endoscopic and open stone surgery; nephron-sparing tumor resection; laparoscopic tumor nephrectomy; tumor nephrectomy with resection of caval thrombi; thoracoabdominal approach for very large kidney or adrenal tumors and local recurrence of kidney tumors; renal transplantation (cadaveric and living donor)

- Radical Tumor Surgery in the Small Pelvis

including robotic, retropubic and perineal radical prostatectomy, radical and ultraradical cystectomy/anterior exenteration; anterior exenteration for gynecological tumors in cooperation with Gynecological Surgeons; complete exenteration for intestinal tumors in cooperation with General Surgery.

- Reconstruction of the Lower Urinary Tract

reconstructive surgery of the lower urinary tract utilizing intestinal segments including orthotopic, heterotopic and rectal continent urinary diversions in men and women; also including special indications for urinary diversions like in patients with significant anatomical malformations, in patients with transplanted kidneys, after irradiation; diagnostic procedures (including video urodynamics) and surgery for urinary incontinence including fascial and alloplastic slings; colposuspension; sacral bladder denervation; implantation of bladder pacemakers.

- Pediatric Urology

endoscopic and open stone surgery of kidney, ureter and bladder; diagnostic and treatment of anatomical malformations of the upper and lower urinary tract (double kidneys, ureteropelvic obstruction, vesico-ureteral reflux, urethral valves); surgery for malignant adrenal and renal tumors (neuroblastoma, nephroblastoma); surgery for malignant pediatric tumors in the small pelvis (rhabdomyosarcoma of bladder, prostate and vagina); reconstructive surgery of the lower urinary tract utilizing intestinal segments.

MEMBERSHIP IN MEDICAL SOCIETIES

- German Urological Association (DGU) since 1990
- European Association of Urology (EAU) since 1994
- American Urological Association (AUA) since 1994
- Austrian Urological Association (ÖGU) since 1994
- Urologic Research Society since 1996
- German Transplantation Society since 1998
- European Intra-Renal Surgery Society since 2001
- Honorary Member of the New York section of the American Urological Association since 2008

PUBLICATIONS

- scientific papers > 100
- published contributions to scientific meetings > 100
- book chapters > 25

PEER REVIEWER FOR:

- scientific journals

Journal of Urology
Urology
European Urology
Neurourology and Urodynamics,
Der Urologe
Aktuelle Urologie
BJU
Pediatric Nephrology

- medical societies (abstracts for the annual meeting)

German Urological Association
European Association of Urology
American Urological Association

SCIENTIFIC AWARDS

Miley B. Wesson Resident Essay Contest
Western Section, American Urological Association
Vancouver, July 28 - August 1, 1991

Preis des Forum Urodynamicum
Forum Urodynamicum
Mannheim, April 2 - 4, 1992

Jack Lapidus Essay Contest (Grand Prize Award)
American Urological Association
Washington, May 10 - 14, 1992

C. E. Alken Preis
Annual award meeting of the CE Alken prize winners
Heidelberg, December 3 - 5, 1992

Maximilian-Nitze Preis
German Association of Urology
Wiesbaden, September 29 - October 2, 1993

EAU Thesis Award 1995
European Association of Urology
Monaco, June 26 - 28, 1995

Paul-Mellin-Gedächtnispreis
Nordrhein-Westfälische Gesellschaft für Urologie
Münster, April 15 - 17, 1999

C. E. Alken Preis
Annual award meeting of the CE Alken prize winners
Düsseldorf, December 3 - 5, 1999

Werner - Staehler Preis
Südwestdeutsche Gesellschaft für Urologie
Heilbronn, Mai 2008
