

**HEIDELBERG
UNIVERSITY
HOSPITAL**

**DEPARTMENT OF CARDIOLOGY,
ANGIOLOGY, AND PNEUMOLOGY**

**PRIVATE OUTPATIENT CLINIC
PROF. DR. N. FREY**

DEAR PATIENTS,

the Department of Cardiology, Angiology, and Pneumology at Heidelberg University Hospital is one of the worldwide leading German University cardiology departments. Through our research activities, we are continuously improving diagnostic and therapeutic options. Every year, about 12,500 patients with cardiovascular diseases are being treated in hospital, and more than 9,000 coronary angiographies and interventions are being performed. In addition, the spectrum covers transfemoral cardiac valve interventions, diagnosis and percutaneous interventions of peripheral arteries and complex peripheral veins, management of atrial and ventricular rhythm disorders with 600 pacemaker and defibrillator device implantations and hundreds of ablation procedures for atrial and ventricular arrhythmias.

Our Private Outpatient Clinic provides longstanding experience and expertise, covering the full spectrum of diagnostic modalities including stress testing, MR angiography and diagnosis of structural heart diseases. We bring together the expertise of all cardiology subdisciplines in order to provide the best treatment for patients. Comprehensive expertise is available for coronary heart disease, heart failure, cardio-reno-metabolic syndrome, dyslipidemias, hypertension, cardiomyopathies, arrhythmias, pacemaker and devices, angiology, pneumology, cardiac amyloidosis and sarcoidosis, myopericardial inflammatory disease, cardio-oncology and monitoring of cardiotoxicity during and after cancer therapies.

We provide pre-operative cardiovascular risk assessment increasing safety for patients at risk planning a major surgery. Moreover, we offer comprehensive cardiovascular check-up with the best available modern diagnostics tools for follow-up of patients with established cardiovascular disease but also for healthy individuals to optimize preventive measures.

Prof. Dr. med. Norbert Frey, MD

- Medical Director of the Department of Cardiology, Angiology, and Pneumology
- President elect of the German Society of Cardiology
- Member of the Research Coordinating Committee of the German Center for Cardiovascular Research
- Expert for percutaneous coronary and transfemoral valve interventions

Prof. Dr. med. Evangelos Giannitsis, MD, FESC

- Assistant Professor at the Department of Cardiology, Angiology, and Pneumology
- Head of Private Outpatient Clinic
- Head of Chest Pain Unit
- Chair of the Board for Certification of Chest Pain Units in Germany, Austria and Switzerland
- Expert on diagnosis and management of acute and chronic coronary syndrome
- Expert for Cardiac MRI imaging and non-invasive cardiology

Thanks to the 100% unit's affiliation with the University Hospital, it has direct, and uncomplicated collaboration with all in-hospital services of the cardiology department but also for all other disciplines of internal medicine and surgical departments.

SPECIALIZED CARE AT THE PRIVATE OUTPATIENT CLINIC

- Cardiac MRI (stress test, MR angiographies, structural heart disease)
- Stress echocardiography and cardiac ultrasound
- Carotid scan and duplex for peripheral artery disease
- Pulmonary function testing
- Extensive blood testing (scalable)
- Pre-operative risk assessment for planned major surgery
- Follow-up for established cardiovascular disease, e.g. previous heart attack, previous PCI or bypass surgery, valvular disease, arrhythmias
- Check-up for patients at moderate or high cardiovascular risk, e.g. diabetes mellitus, hyperlipidemias, rheumatic disease, cancer, chronic inflammatory disease, obesity

REGISTRATION

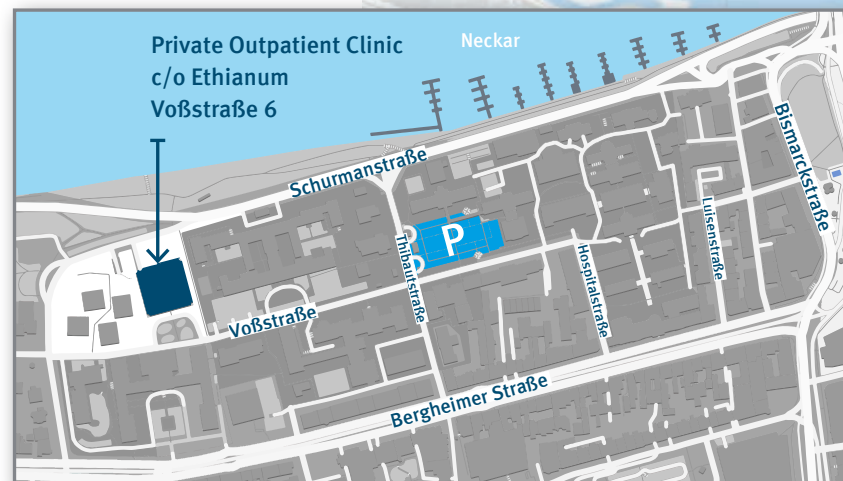

Department of Cardiology, Angiology, and Pneumology
Heidelberg University Hospital
Opening hours: 8:30 a.m. to 4:00 p.m.
Phone: +49 6221 8723 402
Email: cardiacMRI-bergheim.med3@med.uni-heidelberg.de

ADDRESS

Private Outpatient Clinic Prof. Dr. N. Frey
c/o Ethianum
Voßstraße 6
69115 Heidelberg

Campus Bergheim

PARKING

Nearby underground garage P15, (approx. 200 m walk)
Thibautstrasse 1a
69115 Heidelberg
